|--|--|
| <p>Material Specification Sheet Attached: When product release of test material is requested by a Study Sponsor, Chemic Laboratories will make every attempt to utilize compendial grade reference standards with accompanying certificate of analysis which will document a purity specification. In the event a compendial grade material is unavailable, it is the responsibility of the Study Sponsor to provide the necessary qualified reference standard and acceptable documentation of product purity.</p> | |
| <p>SDS Attached: OSHA regulations require that Safety Data Sheet be available for inspections to all employees who may come in contact with client supplied material Please be advised that testing delays may result if SDS sheets are not on file or attached.</p> | |
| <p>Return Samples at Client Expense: if not checked, samples will be disposed of by Chemic.</p> | |
